

It is a tangerine tree, there are so many tangerines on this tree. They are all ripe. Dad holds the girl in his arms and says:.. So the girl is trying to pick the tangerine.

How should we eat it? shall we cut it in half like this? No, we don't need to cut it. Take a segment(一瓣), put it in your mouth.

Wow, every bite is bursting with flavor. It tastes sweet, juicy, and sour! Yummy!

Wow, it is an apple tree. There are so many apples on the tree. They are all ripe. Dad says: it is an apple! Pull the fruit off the tree. This little girl stands on this ladder to reach the apple. Her dad stands behind her, holds

her and protects her. She's so happy.
Picking apple must be really fun.

How should we eat it? Shall we peel off the skin like this? Yes, if you don't like the skin, you can peel the skin off. You can also cut it into pieces. Use a fork to take a piece, put it in your mouth. Wow, it is sweet, juicy and

crunchy! Yummy!

Wow, strawberry plants, there are so many strawberries on them. Dad takes the girl to a strawberry garden, he says: hey! We found strawberries! Pick them from near the ground. Strawberry plants are low, they grow near the ground. So dad and the girl get

down, pick the ripe strawberries one by one and put them in this big bowl.

How should we eat them? Shall we cut them in half? Well, you can if you want to. But usually we can just take out the stalk and eat the small ones whole. Take the strawberry, wow. look at it, so tempting 诱人的)

Do you see these black dots? Those are strawberry seeds. Put it in your mouth. They are so sweet and delicious. Yummy!

Wow, so many watermelons, they grow on the vine 藤蔓. They are so big. Dad takes this girl to pick the watermelon. Dad says: look at the watermelon. Let's get one. The girl is

trying so hard to lift it up, but it's really heavy. Dad says: carefully lift the giant fruit. Dad is helping her to lift.

Look at this watermelon, looks so yummy, especially in a hot day. The black dots are the seeds. How should we eat it? shall we cut it in half? Well, we'll have to cut it more

than once.

Now let's cut it into smaller pieces to eat.

Take a slice, and give it a big bite. Wow, it's crunchy, sweet, and so juicy. The juice trickles 淌 down this girl's chin.

Or, there is another way to eat the watermelon. Cut it in half, use a spoon to eat it. right?

Or, you can cut off the green skin, cut the flesh果肉 into little pieces and use a fork to eat it. Yummy!
